Value Creation with DPU Accretive Investments

Deepening footprint in the Netherlands

- Strategic addition of **Eindhoven Campus** located in the key technology hub of Eindhoven
- The NL-IX is one of the top 10 largest internet exchanges in the world, with connectivity presence in Eindhoven
- The Netherlands data centre market is among the top 4 major data centre hubs in Europe, and expected to see 5.3% CAGR in 2021 - 2026¹

Eindhoven Campus, The Netherlands

Tapping into China's Growing Digital Economy

- Maiden acquisition in the vast data centre market in China
- Acquisition of **Guangdong Data Centre**² will improve Keppel DC REIT's portfolio occupancy and strengthen income resilience
- Guangdong is one of the top and fastest growing data centre locations in China, with demand supported by the city government's push to develop a digital and intelligent economy

Guangdong Data Centre, China

DPU Accretive Investment with Stable Cash Flow

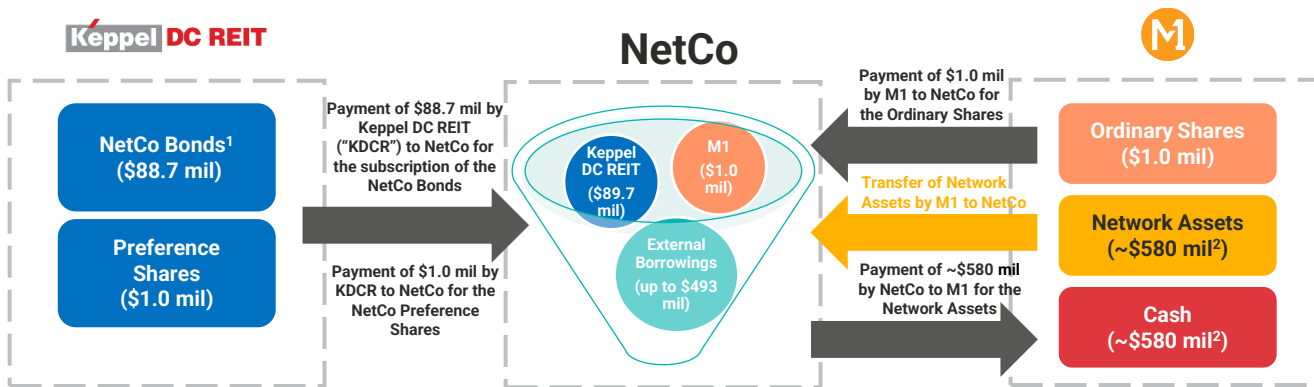

- Proposed investment in bonds and preference shares into M1's mobile, fixed and fibre assets ("Network Assets")³ for \$89.7m⁴
- Provides Keppel DC REIT stable cash flow of \$11.0m p.a. (comprising both principal⁵ and interest) for 15 years, without assuming any operational management risks
- Further strengthen income resilience and create a stronger platform for growth

M1 Network Assets, Singapore

Proposed Investment in M1's NetCo Bonds and Preference Shares

Deal Structure

- Keppel DC REIT to subscribe for bonds and preference shares issued by NetCo for \$89.7 mil
- NetCo to take up external financing of up to \$493 mil to part finance NetCo's acquisition of the Network Assets

Investment Merits

DPU Accretive Investment

Accretion of 3.8%
Post-completion, FY2020 pro forma DPU will increase to 9.519 cents³

Stable & Long-term Cash Flow

Stable cash flow of \$11.0 mil⁴
per annum for 15 years without assuming any operational management risks

Greater Income Resilience

Diversification in income streams
from the enlarged asset base

Stronger Growth Platform

Assets under management + 2.8%⁵
to \$3.3 bil

- The NetCo Bonds will be subordinated to the external borrowings.
- Net book value of the Network Assets as at 28 Feb 2021 is ~\$580 mil. The amount NetCo will pay M1 for the Network Assets will be equivalent to the net book value of the Network Assets (as at a date no later than two (2) business days prior to the completion of the transfer of the Network Assets from M1 to NetCo) in accordance with the terms and conditions of the Asset Transfer Agreement entered into between NetCo and M1.
- If Monetary Authority of Singapore ("MAS") approves the application for the NetCo Bonds to qualify as Qualifying Project Debt Securities ("QPDS"). If the QPDS application is not approved, the NetCo Bonds will be treated as ordinary bonds and the interest income arising therefrom, will be subject to the prevailing corporate tax of 17% and the DPU accretion will be 3.1%.
- Comprising both principal and interest. Principal repayments from the investment may be used to pare down external borrowings, as well as fund potential acquisitions and/or capital expenditures.
- As at 30 September 2021, adjusted for the acquisition of Guangdong Data Centre.

DPU Accretive Investment Providing Returns to Unitholders

- Proposed investment generates **sustainable returns** and **enhances total Unitholders' returns**, in line with the Manager's goal to **create value for Unitholders**
- Investment will be funded by external bank borrowings and remaining cash proceeds (after debt repayment) from the divestment of iseek Data Centre

Distribution per Unit (cents)

Post-completion, FY2020 pro forma DPU will increase to 9.519 cents, an accretion of 3.8%

3Q 2021 Financial and Portfolio Updates

Key Highlights for 3Q 2021

Robust financial performance

Distributable Income¹ and DPU² for 3Q 2021 increased by 6.3% and 4.5% y-o-y respectively, supported by contributions from DPU accretive acquisitions and AEI works

Resilient asset class and stable portfolio matrices provide long-term income sustainability

Maintained strong portfolio occupancy of 98.1% and long WALE of 7.0 years³

Healthy balance sheet

Raised \$204.3m via a private placement in Aug 2021 to fund acquisitions and pare down debt⁴; aggregate leverage of 35.1%⁵ as at 30 Sep 2021

Value creation through DPU accretive acquisitions and portfolio optimisation

- Continued focus on data centres through the strategic acquisitions of Eindhoven Campus in the Netherlands and Guangdong Data Centre in China⁶
- Proposed DPU accretive investment in bonds and preference shares into M1's Network Assets⁷
- Completed the divestment of iseek Data Centre in Australia

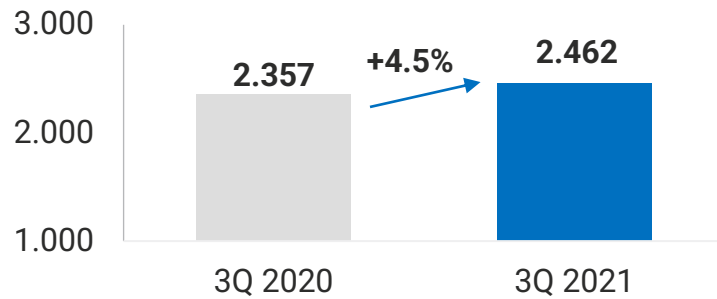

1. Distributable Income includes Capex Reserves. Keppel DC REIT declares distributions on a half-yearly basis. In connection with the Private Placement launched on 12 Aug 2021, the Manager has declared an advanced distribution of 1.421 cents per Unit to eligible Unitholders for the period from 1 Jul 2021 to 22 Aug 2021. Keppel DC REIT declares distributions on a half-yearly basis. The next distribution will be for the period 23 Aug 2021 to 31 Dec 2021. Semi-annual distributions will resume thereafter.
2. Excludes an amount of Capex Reserves that has been set aside.
3. By leased area. WALE by rental income was 4.9 years as a higher proportion of rental income is from colocation assets, which typically have shorter lease periods.
4. Debt previously drawn down for investments to create debt headroom for future acquisitions.
5. Computed based on gross borrowings and deferred payment as a percentage of deposited properties, both of which do not consider the lease liabilities pertaining to land rent commitments and options. Aggregate leverage as at 31 Dec 2021 was 36.2%.
6. Expected completion in 4Q 2021.
7. On 14 Oct 2021, Keppel DC REIT and M1 signed agreements for wholly-owned subsidiary(ies) of Keppel DC REIT to subscribe for bonds to be issued by and preference shares of NetCo. NetCo was established by M1 to own M1's Network Assets.

Ongoing commitment to address climate change issues

- Utilising green energy, where available, at our data centres
- Pursuing sustainability-related certifications
- Potential new sustainable growth opportunities including Keppel Data Centres' Floating Data Centre Park project

1. Keppel T&T has granted the Rights of First Refusal (ROFR) to Keppel DC REIT for future acquisition opportunities of its data centre assets.

Thank You

Important Notice: The past performance of Keppel DC REIT is not necessarily indicative of its future performance. Certain statements made in this presentation may not be based on historical information or facts and may be “forward-looking” statements due to a number of risks, uncertainties and assumptions. Representative examples of these factors include (without limitation) general industry and economic conditions, interest rate trends, cost of capital and capital availability, competition from similar developments, shifts in expected levels of property rental income, changes in operating expenses, including employee wages, benefits and training, property expenses and governmental and public policy changes, and the continued availability of financing in the amounts and terms necessary to support future business.

Prospective investors and unitholders of Keppel DC REIT (“Unitholders”) are cautioned not to place undue reliance on these forward-looking statements, which are based on the current view of Keppel DC REIT Management Pte. Ltd., as manager of Keppel DC REIT (the “Manager”) on future events. No representation or warranty, express or implied, is made as to, and no reliance should be placed on, the fairness, accuracy, completeness or correctness of the information, or opinions contained in this presentation. None of the Manager, the trustee of Keppel DC REIT or any of their respective advisors, representatives or agents shall have any responsibility or liability whatsoever (for negligence or otherwise) for any loss howsoever arising from any use of this presentation or its contents or otherwise arising in connection with this presentation. The information set out herein may be subject to updating, completion, revision, verification and amendment and such information may change materially. The value of units in Keppel DC REIT (“Units”) and the income derived from them may fall as well as rise. Units are not obligations of, deposits in, or guaranteed by, the Manager or any of its affiliates. An investment in Units is subject to investment risks, including the possible loss of the principal amount invested.

Investors have no right to request the Manager to redeem their Units while the Units are listed. It is intended that Unitholders may only deal in their Units through trading on Singapore Exchange Securities Trading Limited (“SGX-ST”). Listing of the Units on SGX-ST does not guarantee a liquid market for the Units.
